THE 51ST ANNUAL MURRAY S. DANFORTH ORATION

May 29, 2013
7:00am
Rhode Island Hospital
Gerry House Lounge

Frederick A. Matsen III, M.D.
The 51st Orator

Rhode Island Hospital
A Lifespan Partner
Dr. Danforth organized the fracture service at Rhode Island Hospital in 1931—one of four oldest and continuously functioning approved fracture residences in the country. A graduate of Bowdoin College and Johns Hopkins University, Dr. Danforth was respected here and abroad as a leader in orthopaedic surgery. His meticulous concern for quality patient care, education and research served as an inspiration for all those who had the memorable experience of working with him.

In 1957, Mrs. Danforth established the Murray S. Danforth Orthopaedic Fund for resident training and research as a living memorial to her husband. This has provided many teaching benefits for the orthopaedic resident staff and is highlighted by the annual Danforth Oration presented each year by a distinguished orthopaedic surgeon.

Target audience: This program is designed for orthopaedic surgeons, primary care physicians, researchers and others interested in orthopaedic medicine.

Objectives: At the conclusion of this session participants should be able to:
- Recognize the variety of Orthopaedic research being conducted at Rhode Island Hospital
- Demonstrate utility of plain radiographs in determining gleno humeral pathoanatomy
- Demonstrate key principles and results of ream and run procedure
- Describe current trends in health care expenditures and discuss optimization of resources.

Rhode Island Hospital
Gerry House Lounge

7:00 am Breakfast
7:15 am Welcome Address
Michael G. Ehrlich, M.D.
Vincent Zechino Professor & Chairman
7:30 am The Danforth Oration
Frederick A. Matsen III, M.D.
“Health Care Dollars: We need to Drink Responsibly”

8:30 am Trauma Fellows Presentations
Jason Bariteau, M.D.
“Fibula Fracture Fixation”
Robin Kamal, M.D.
“The Hand is the Visible Part of the Brain”
Byung Lee, M.D.
“The Effect of Iatrogenic Osteochondral Defects on Scaphoid Contact Biomechanics”

9:30 am Break
Matthew McDonnell, M.D.
“Biomechanical Analysis of Pedicle Screw Fixation Constructs for Stabilization of Thoracolumbar Burst Fractures”
Jothi Murali, M.D.
“Knee Rotational Kinematics after ACL Reconstruction Using Computer Navigation”
Gregory Sawyer, M.D.
“Tibial Intercondyla Eminence Fractures: New Surgical Technique and Biomechanical Analysis”

10:30 am Danforth Orator
Frederick A. Matsen III, M.D.
“The Arthritic Glenoid and the Ream and Run Procedure”

Murray S. Danforth, M.D. 1879-1943

Trauma Fellows Fellowships 2013-2014

Jason Bariteau, M.D.
Baylor University
Foot & Ankle Fellowship
Dallas, TX

Robin Kamal, M.D.
Duke University
Hand, Upper Extremity, & Microvascular Surgery Fellowship
Durham, NC

Byung Lee, M.D.
University of Chicago Hospitals
Combined Hand Surgery Fellowship
Chicago, IL

Matthew McDonnell, M.D.
Jefferson Medical College
Spine Fellowship
Philadelphia, PA

Jothi Murali, M.D.
UC Davis
Sports Medicine Fellowship
Sacramento, CA

Gregory Sawyer, M.D.
Steadman Phillippon Sports Medicine Fellowship
Vail, CO

Rhode Island Hospital is accredited by the Rhode Island Medical Society to provide continuing medical education for physicians.

Rhode Island Hospital designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

To request reasonable accommodation for a disability, please contact the Rhode Island Hospital CME office at (401) 444-4260.
