Program Overview

Target Audience: Orthopaedic Surgeons and healthcare professionals interested in obtaining knowledge of the certification of orthopaedic surgeons.

Objectives: Following this lecture, participants should be able to:

• Recognize the value of travel for a surgeon
• Discuss worldwide health challenges
• Inspire younger surgeons to embrace service opportunities worldwide

Terry Richard Light, M.D.
Professor & Chairman
Department of Orthopaedic Surgery
Loyola University
School of Medicine

Past President
American Society for Surgery of the Hand
2004-2005
Caroll M. Silver, M.D.

From 1946 to 1969, Caroll M. Silver was Chief of Orthopaedics at The Miriam Hospital. In that role, not only did he build one of the dominant orthopaedic forces in Rhode Island, but he gained national recognition for his innovative surgical procedures on temporomandibular joint arthritis, and his highly successful treatments of pediatric orthopaedic problems. He graduated from Columbia with a Bachelor of Science in 1932 and from Rush Medical School at the University of Chicago in 1936. He trained for orthopaedics at the Hospital for Joint Diseases. One of the most distinctive features of his life was his humanitarian efforts on behalf of the third world, teaching and operating in over 20 countries throughout the world.

Rhode Island Hospital is accredited by the Rhode Island Medical Society to provide continuing medical education for physicians.

Rhode Island Hospital designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s).™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

To request reasonable accommodation for a disability, please contact The Rhode Island Hospital CME office at (401) 444-4260.
